Helpful Human to Have Around

Welcome back to the AmericasMart Building 1 and the Westin Peachtree Plaza Hotel, our home for gaming. We continue to add more events and activities in our spacious home including, free classic arcade games courtesy of Joystick Gamebar, Japanese focused arcade games not normally available in the United States brought to you by Tokyo Attack, a free-play PC and Console section along with new Esports tournaments with cash prizes. New for 2019 we’ve partnered with Skillshot to present Skillshot Live. Please see below for complete details. On the first floor of AmericasMart Building 1 you will find our Campaign Role-playing gaming events. The Non-Campaign Role-playing gaming events remain in AmericasMart Building 2. HOWEVER! The only access available to this area is via the bridge from building one to building two. This bridge is located on the second floor of building one next to the concession area and Miniatures gaming. If you walk into building 2 from anywhere else in an effort to find the Non-Campaign Role-playing events, “you can’t get there from here” rules will apply. You cannot access this gaming area from building 2, it must be done from the bridge from building 1. Also on the second floor; Gaming HQ, Board games, Miniatures games, Open Gaming, Demonstrations, Collectible Card games, Kids Sampler, Mechcorps, Tokyo Attack, and Joystick Gamebar classic arcade cabinet games.

The War College/National Decision Making Game, Artemis Starship Bridge Simulator, Live Action Role-playing games, Werewolf games, Videogame Programming, Table Top Programming, and Skillshot Live are located in the Westin Peachtree Plaza Hotel, next to AmericasMart Building 1 and accessible via skybridge from the second floor of AmericasMart Building 1 and the 6th floor of the Westin. Please note that the main gaming hall and all free to play machines will be available for 24 hours a day via sky bridge from the Westin on the 6th floor and from the Peachtree Street entrance next to Starbucks. During the parade on Saturday morning the Peachtree Street entrance will likely be problematic so the John Portman Boulevard entrance will also be open.

For 2019 we have the usual maps included in our mobile app and the Gaming Guide to help you navigate. There is also signage that will help direct you to the proper floor, meeting room or area. If all else fails and you have trouble finding where you need to be please ask a helpful volunteer at Gaming HQ/Registration located on the AmericasMart side of the bridge connecting the AmericasMart with the Westin Peachtree Plaza Hotel and inside the AmericasMart in the North Hall. Gaming Registration will be open Thursday at 4PM and also every day of the convention at 8AM. You can access our massive library of board games for $10 and borrow any game we have. Board game access also allows you to play any of our Werewolf game at the convention the entire weekend. Members interested in playing Werewolf games will also need to purchase a board game pass. In order to play some events you will need an event ticket. Most event tickets are $5.00 but there are many free demonstration games and a handful are more expensive. There are also Collectible Card Game tournaments that charge more and those tickets usually include the cards you will use and keep in your games. You can also purchase generic tickets that are usable at any event. If an event is sold out you can show up for that event with a generic ticket and if anyone with a “real” ticket for that event does not show up you will be able to step in. Other tournaments will be able to add additional space as needed. This is particularly true for the larger events where there is more of a chance of a no show or cancellation. We collect admission fees for events to fund prizes for most events. We award “Dealer Coins” to the winners of some events that can be used as credit in the Exhibition Halls in the AmericasMart and the Dragon Con Stores in the Marriott, Sheraton and the AmericasMart. Each coin is valued at $5 in credit.

Skillshot will hold a number of events throughout Dragon Con. On Saturday and Sunday, they will host an open-entry Dota Underlords tournament with $3,600 in prizing available each day. They will also host meet-and-greets with the Hi-Rez Studios development team and some of the top pro teams from Smite and Paladins. Additionally, the Skillshot area will have an open play area available to gamers, complete with VR titles. Attendees can visit this area to enjoy giveaways, music, anime, and face painting in the Westin Peachtree Plaza Hotel, Savannah Ballroom, entrance on the 9th floor escalators. Full details and further information is available at www.skillshot.com/dragoncon.

ARTEMIS STARSHIP BRIDGE SIMULATOR

Join a crew on our fully interactive Artemis Spaceship Bridge Simulator: it’s a LAN party/LARP/Escape Room mashup experience you can’t duplicate online! For 2019 we have also added an additional bridge! Scenarios for the second bridge include cooperative and competitive play. You and your friends assume these roles to operate the Terran Stellar Navy spaceship, Artemis:

- **Captain**: Channel your inner Kirk/Picard/Janeway and make the tough choices.
- **Helm**: Ahead warp factor 1, then slow to impulse and hard to starboard. Bring us behind the enemy fleet just outside torpedo range...
- **Weapons**: Load... lock... fire! Turn big enemy ships into small pieces. Just don’t fire nukes at point blank range; go for beam weapons instead.
- **Science**: Scan the sector, find the enemies, and check for secret intel and weaknesses. Watch out for cloaked ships.
- **Communications**: Incoming message! Our space station is under attack! Taunt the enemy fleet leader to draw them away from the base, then call for reinforcements from other Terran vessels.
- **Engineering**: Power and cooling are the name of the game. Boost power to warp to get us there, to weapons for more boom, and to shields when we’re getting toasted! Give it all she’s got!
- **Fighter**: The Artemis can launch up to 2 single-pilot fighter craft to join the fight and add a bit more punch.

Your crew's success—or failure!—depends on your ability to follow the Captain's orders and work together to defend Terran bases against an alien invasion. This event is a 6 to 8 player experience, suitable for ages 10+. Don’t have a group large enough for a full crew? No problem! Sign up and join with another small party and make new friends! Tickets available at www.Jump2Warp.com or in-person at Westin Ansley Room 7.
MECHCORPS

They’re back! MechCorps is place to let off steam by beating on your friends in a virtual arena by driving Giant Robots loaded to the teeth with guns, lasers, missiles and all types of weaponry. 12 players at a time enter the cockpit simulator pods after a short training session. Each player uses seven display screens, over 50 controls, foot pedals, throttle and joystick to take on all others. The game is easy to learn, but hard to master. Adjustable skill levels allow the novice to enjoy the game, but can also give the veterans a challenge. Located in AmericasMart, Building 1, Floor 2 in the East Hall. See more info on the pods and the game via the Training Manual: www.mechcorps.com/trainingmanual

TOKYO ATTACK

Love arcade games? Wish you could visit an arcade in Japan? Good Luck! Tokyo Attack is bringing ALL of their Japanese arcade games to Dragon Con this year! From Dance Dance Revolution to Initial D, Pop’n Music to Street Fighter, SOUND VOLTEX to Silent Scope. This year they will be bringing their Kidō Senshi Gundam: Senjō no Kizuna (Gundam Battle Pods!) Tokyo Attack will be located in AmericasMart Building One, on the 2nd floor in the East Hall.

WAR COLLEGE / NDMG

The fine folks at the NDMG (National Decision Making Game) will return to the convention this year. They will be running different formats of their games and doing some great seminars and presentations. If you pay attention to the news or current events, or have an interest in military and geopolitical history and/or contemporary affairs, it is a hoot! The National Decision Making Game (NDMG) is a political, military, and economic roleplaying game that uses gaming as an entertaining medium to inform players of contemporary, historical and futuristic geopolitical, military and economic issues. The idea behind the NDM game is: “You players are the Congress. You over there, you’re the Cabinet. You folks in the corner are the Joint Chiefs. This guy’s the President. The scenario is that it’s the world as you know it today. Fix it. You may start now.”

There are new issues and problems explored and different nations in play in every game, showing a range of real issues across the world and modeling a number of different political systems. Can you affect Iran as the US? Can you take the Ukraine playing Russia? And how to you solve a problem like Korea? In addition to trying to fix the world as it is today, the NDM staff will also be running a game with SciFi themes set in the near future, the consequences of instability in North Korea and the unrest & conflict in Russia and Saudi Arabia.

The NDM lecture series will follow up on the performance from the last five years with detailed presentations covering contemporary and historical geopolitical and military topics, including prominent World War I and II anniversaries, developing technology in combat, terrorism and destructiveness. Discussions of contemporary Russia (hint: they are not our friends,) Cyberwar and its impact on global conflict and separating fact from fiction concerning Chernobyl. Full details can be found at NDMg.org. NDM is also on Facebook, where they frequently post links to, and discuss, articles of general and national security interest: facebook.com/pages/The-National-Security-Decision-Making-Game/187557132044. Located in rooms Augusta C and D in the Westin Peachtree Plaza Hotel, 7th floor.
